

Runnymede Healthcare Centre

Outbreak Update

Updated: July 6, 2024

A COVID-19 outbreak was declared on July 6, 2024 by Toronto Public Health on the 2- East unit at Runnymede Healthcare Centre.

All food drop-off and visitation of patients on 2-East has been suspended until further notice. All rehabilitation activities for 2-East patients are restricted inside the patient rooms.

Patients on 2-East may continue to have one Essential Care Partner per day to provide care and support, as coordinated with the Patient Care Manager and clinical team. Please note that video calling is available.

Please be assured that we are following all guidance from Toronto Public Health, and are taking every safety measure to ensure we protect the health, and safety of all our patients, and staff.

Thank you.
