

## Runnymede Healthcare Centre

### Outbreak Update

**Updated: November 20, 2024**

A COVID-19 outbreak was declared on November 13 and November 20, 2024 by Toronto Public Health on the **3-WEST and 2-WEST** units at Runnymede Healthcare Centre.

All food drop-off and visitation of patients on **3-WEST and 2-WEST** have been suspended until further notice. All rehabilitation activities for **3-WEST and 2-WEST** patients are restricted inside the patient rooms.

Patients on **3-WEST and 2-WEST** may continue to have one Essential Care Partner per day to provide care and support, as coordinated with the Patient Care Manager and clinical team. Please note that video calling is available.

Please be assured that we are following all guidance from Toronto Public Health and are taking every safety measure to ensure we protect the health and safety of all our patients and staff.

Thank you.
