

Welcome to Runnymede Long-Term Care Home

Opening June 2025

Runnymede Long-Term Care Home is a new state-of-the-art 200-bed home, designed to enhance the lives of seniors in our community through compassionate, accountable, respectful, excellent specialized services. Located next to the renowned Runnymede Healthcare Centre, our home will provide a beautiful and welcoming environment for residents and their families.

Honouring Community Heritage

For nearly 80 years, Runnymede Healthcare Centre has proudly served the Parkdale–High Park area and remains deeply connected to Toronto’s Little Malta neighbourhood. To celebrate this rich cultural connection, the fifth floor will be reserved for residents of Maltese background. This initiative ensures Maltese seniors can stay close to their families and maintain their cultural traditions while receiving the care they deserve.

If you are interested in a space for Maltese residents, inform your Ontario Health atHome care coordinator about your heritage and your interest in Runnymede Long-Term Care Home.

Exceptional Care and Management

Runnymede Long-Term Care Home will be professionally managed by **UniversalCare Canada Inc.**, a trusted provider of cultural and complex long-term care services with a strong track record of excellence and the first global Registered Nurses’ Association of Ontario Best Practice Spotlight Organization (RNAO BPSO) host.
